Continuing sanctions that have set back the Iranian economy and government revenues; and 6. The opportunity was missed to effectively use the JCPOA as the start of a process to address larger issues of concern in Iranian–Western relations, rather than as an end-game in itself, as the EU has preferred to view it. Israel could view the interim agreement as insufficient in meeting its security interests, potentially leading to an Israeli military strike that dissolves the unity of the international sanctions effort and moves Iran to an explicit decision to develop a nuclear weapon.

At the same time, the EU has also committed itself to maintaining cooperation. The JCPOA is far from perfect and required coming to terms with painful realities and making difficult compromises—the inevitable outcome of tough, multilateral negotiations. They pledged to continue to give Iran the benefits of the deal even if the United States pulled out.

The Iranian president says the country will start enriching uranium again in response to greater U.S.
