Block grant advocates argue that block grants increase government efficiency and program effectiveness by redistributing power and accountability through decentralization and partial devolution of decision-making authority from the federal government to state and local governments. Follow the links below to find similar items on the Digital Library. States sharply reduced cash assistance spending during the early years of TANF, when a strong economy reduced the need for assistance, and then largely failed to reinvest in basic assistance when the economy weakened and need increased.

Congress has appropriated supplemental CDBG funds to assist states and communities. The 111th Congress took up consideration of HUD's FY 2010 appropriations as part of a large measure providing consolidated appropriations for a number of federal departments. Record Vote Number: 199. Measure will be considered read. Public health.
