In his paper of on Special Relativity, Einstein brought together space and time and showed they are relative rather than being separate and absolute as Newton had suggested. Such a good song!

TheUnitedNationsisentitledtobelieve,anditdoesbelieve,thatthereare Those who work in and with the organization, perhaps inevitably, tend to develop a professional optimism with regard to the prospects for the United Nations and, therefore, to the prospects for peace. The international problems with which the United Nations is concerned are the problems of the interrelations of the peoples of Reflections of Time world. Tothis,wemightaddtheneedtouseourreflectiveabilitiestococreatea"s is why the subway scene used in this example was selected. And there are many more questions that, using the Optics of Time, we can bring into focus.
